

# Community Partner Proposal

SOROPTIMIST INTERNATIONAL OF THE AMERICAS, INC. ®

**Thank you for considering this partnership opportunity!**

***Dream It, Be It*** is a program of **Soroptimist International of the Americas**. Soroptimist is a global volunteer organization that provides women and girls with access to the education and training they need to achieve economic empowerment.

Thousands of Soroptimists throughout North America, South America, and the Pacific Rim deliver our award-winning Dream Programs.

Designed specifically for girls in secondary school, ***Dream It, Be It*** provides participants with career support and guidance.

**Program Goal:** Through education and access to role models, girls will be empowered to pursue their career goals and reach their full potential.

## Objectives:

- Increase the number of girls who feel prepared to pursue their career goals.
- Increase the number of girls who feel comfortable creating achievable goals.
- Increase the number of girls who have tools to overcome obstacles to success.
- Increase the number of girls who understand the importance of resilience.
- Increase the number of girls who can connect personal values with possible careers.
- Increase the number of girls who feel more confident about their future success.
- Increase the number of girls who have professional role models.

Through a series of mentoring sessions or one full-day event, participants will learn about career opportunities, setting and achieving goals, overcoming obstacles to success, and moving forward after setbacks. Girls will have the opportunity to learn from Soroptimist members who are respected professional women in our community. Soroptimists may collaborate with other community members to lead girls through activities that will help them develop skills relevant to whatever career they choose to pursue.

We know that girls have a lot of responsibilities at school and at home. We believe ***Dream It, Be It*** is a worthwhile investment in their future success. We also believe a partnership with your organization will allow us to most effectively deliver this evidence-based program.

Note: Our members must meet legal requirements for working with youth in our state or country and are prepared to give participating girls the best and safest possible experience.

**Please contact us if you are interested in bringing *Dream It, Be It* to girls in your organization!**
